REVISION TO NOTICE TO NAVIGATION INTERESTS 04-23

DREDGING AND DEBRIS REMOVAL

LITTLE KANAWHA, MILE 4.2

Reference to Notice to Navigation Interests 04-23 dated 17 May 2004. Due to unanticipated high water levels, the completion date has been extended to 9 July 2004. In addition, the M/V GIGI will be replaced by the M/V LADY LOIS. All other pertinent information remains the same.

For your convenience, the following is from Notice to Navigation Interests 04-23:

Notice is given that on or about 31 May 2004, Madison Coal and Supply Company, contractor for the West Virginia Department of Transportation, will begin dredging and debris removal around the I-77 bridge pier on the Little Kanawha River, mile 4.2.

The contractor's floating plant will consist of the M/V GIGI, one barge mounted crane, and one material barge. The M/V GIGI will be monitoring marine channel 13. Work will be performed between the hours of 7:00 a.m. and 8:00 p.m. seven days per week, and it is anticipated that this work will be completed on or about 6 June 2004. The material will be offloaded in an approved upland site at Plymouth, WV on the Kanawha River, mile 36, along the right descending bank. During non-working hours the contractor's floating plant will be moored along the left descending bank of the Ohio River, mile 178.1, near Neal Harbor, Joe S. Towing facility.

Mariners are urged to use extreme caution in the area.

ARLIE D. BISHOP
Chief, Technical Support Branch
